We recognise that our directors have a range of experience, and so we encourage them to attend external seminars and briefings that will assist them individually.

ACCOUNTABILITY

AUDIT COMMITTEE

Composition of the Audit Committee
Andrew Robb, Chairman
Nasser Munjee
P.B. Balaji

Role of the Audit Committee
• Monitors the integrity of the financial statements, including the review of significant financial reporting issues and judgements alongside the findings of the external auditor.
• Oversees the relationship with the external auditor, external audit process, nature and scope of the external audit and the appointment, effectiveness, independence and fees of the external auditor.
• Monitors and reviews the effectiveness of Corporate Audit, ensuring coordination with the activities of the external auditor.
• Reviews the effectiveness of the Group’s systems for internal financial control, financial reporting and risk management.

Main activities of the Audit Committee during the year

Financial reporting

During the year, we met the Audit Committee met with the external auditor and management as part of the Fiscal 2018/19 annual and quarterly reporting approval process a total of eight times. We reviewed the draft financial statements and considered a number of supporting papers. This included reviewing information presented by management on significant accounting judgements to ensure all issues raised have been properly dealt with; reviewing presentation and disclosure to ensure adequacy, clarity and completeness; reviewing the documentation prepared to support the going concern statement given on page 111; and reviewing external audit reports. The key matters considered in the year were review of the Group’s impairment assessment for Fiscal 2018/19; review of the Group’s implementation and transition projects for IFRS 9 Financial Instruments; IFRS 15 Revenue from Contracts with Customers and IFRS 16 Leases; the issuance of debt; and valuation of pension liabilities. Monitoring of GDPR and information and cyber security continues to be focused on and enhanced.

Internal controls

We reviewed the effectiveness of financial reporting, internal control over financial reporting and risk management procedures within the Group, with particular regard given to compliance with the provisions of section 404 of the Sarbanes-Oxley Act and other relevant regulations. The reviews also considered any potential material weaknesses or significant deficiencies in the design or operation of the Group’s internal control over financial reporting that are reasonably likely to adversely affect the Group’s ability to record, process and report financial data. We receive reports from the external auditor, Business Assurance and Corporate Audit with respect to these matters.

External audit

We reviewed the significant audit issues with the external auditor and how they have been addressed in the financial statements. We also evaluated the external auditor by reviewing the firm’s independence, its internal quality control procedures and any material issues raised by the most recent quality control review of the audit firms. This included the findings of any enquiry or investigation carried out by government or professional bodies with respect to one or more independent audits performed by the external auditor within the last five years.

KPMG, the external auditor, has now completed its second year in post and has continued to gain a good understanding of the business. Section 139(2) of the Indian Companies Act, 2013 mandates that all listed companies rotate their auditors once the auditor has served as an auditor for a period of 10 or more consecutive years. Under these regulations, the Group will be required to retender the audit no later than 2027 and the Committee will keep the external auditor tender under review and act in accordance with any changes in regulations and best practice relating to the tenure of the external auditor.

To help safeguard KPMG’s objectivity, independence and effectiveness, the Group has a non-audit services policy which sets out the circumstances and financial limits within which the external auditor may be permitted to provide certain non-audit services. This policy sets a presumption that KPMG should only be engaged for non-audit services where there is an obvious and compelling reason to do so (for example, its skills and experience or ability to provide the services) and provided such work does not impair its independence or objectivity and has no impact on the audited financial statements. It prohibits KPMG from providing certain services, including legal, valuation, actuarial and internal audit. The Audit Committee approves all non-audit services before they are performed.

Non-audit fees paid to KPMG in the year totalled £0.9 million (2018: £0.5 million), representing 1.7 per cent of the fees paid for audit and audit-related assurance services.

Corporate Audit

During the year, we regularly reviewed the adequacy of the Corporate Audit function, the Corporate Audit charter, staffing and the seniority of the official heading the function, the reporting structure, the budget, the coverage and frequency of corporate audits, the structure of Corporate Audit and approval of the audit plan. We also met with Corporate Audit and the external auditor on a one-to-one basis twice during the year. This forms an important part of our consideration and control, ensuring that they have an open and direct forum with the Audit Committee.
**DISCLOSURE COMMITTEE**

**Composition of the Disclosure Committee**
- Chief Financial Officer and his direct reports

**Matters considered during the year**
- Reviewed and updated the terms of reference of the Committee.
- Reviewed the audit and control findings from the external auditor.
